## Dominican Republic Partnership

We are pleased to say that our partnership with the Assemblies of God in the Dominican Republic that began in 2009 has progressed into becoming a national effort to train Dominican ministry leaders. We were honored to attend and participate in their 2017 National Convention.

Start-up Events throughout the country.

After promoting LTI at the National Convention we traveled back to conduct advanced training with key leaders. Kevin Hinman, LTI President, and Terry met with the five senior leaders who will oversee the advanced

Terry promoted LTI's Leadership Training Program to 1500 pastors and leaders. Nearly fifty pastors signed up with an interest in starting the two-year training institute in their churches. Because the LTI training program has been so successful in the past, the leaders of this organization desire to expand the program across the nation. We have been training teams of key leaders to duplicate what we do in conducting

teams as they expand the LTI program in all regions of the country. Pictured below is the fruit of our efforts. A Start-up Event was held entirely by the Advanced Training Team in a local church. They will launch the two-year leadership program in multiple churches throughout the country in the coming months and years.

We rejoice with them in their success. To God be the glory!

# Prayer Requests and Praise Reports

**PRAISE** ... God for our partnership with Spanish Logos University and their vision to expand leadership training to Central and South America.

**PRAISE** ... God for raising up advanced training teams to multiply leaders and leadership training sites throughout the Dominican Republic.

**PRAY** ... for our upcoming trips as we visit partnering churches and friends, conduct training events, and attend Elim Fellowship's missionary conference.

**PRAY** ... that the Church be unwavering in obedience to Jesus Christ, taking the Gospel to every nation and people group to bring about a global harvest.

# Spanish Logos University

**LTI** is partnering with Dr. Roberto Sanchez and Spanish Logos University to provide our leadership training program in Hispanic churches throughout the USA and Latin and South America. Logos University has already started seven Hispanic church training sites with a goal of having hundreds more over the next five to ten years.

**We** are working with and have trained Logos leadership to certify and prepare instructors who will teach on behalf of the University. We are excited about this partnership and recognize that this is a strategic way to help Hispanic Christians be trained in leadership development and earn twenty-four college credits.
